Lizerna Conc.
Neutral fat solving concentrate

PROPERTIES:
- fat dissolving formulation for all kinds of textiles
- effective already from 40 °C (104 °F) on
- excellent emulsifying power
- gentle for colours and fabrics
- foam regulated

APPLICATION:
Lizerna Conc. is suitable for the pre-washing and also at extreme soiled clothes as additive (addition to the main wash). Even from 40 °C (104 °F) on Lizerna Conc. reaches a good fat removability which increases as higher the temperature is.

Depending on the degree of soiling:
3 - 5 ml/l washing liquor (0.38 - 0.64 fl. oz/gal)
9 - 15 ml/kg textiles (1.38 - 2.30 fl. oz/10 lbs)

TECHNICAL DATA:
- Density 20 °C (68 °F) 1.00 g/ml
- pH-value (conc.) 7.0 - 8.0
- COD (DIN ISO 15705) 476 mgO2/ml
  (chemical oxygen demand)

HINTS:
Storage
Lizerna Conc. is not sensitive to frost, but at longer storage below 0 °C (32 °F) it becomes viscous and can even freeze. After heating the product it is fit for use again without any loss of quality (please shake well before). Keep container tightly closed. The product can be stored for at least 24 months in its original sealed packing.
