

Oldopal MWB

Highly concentrated neutral liquid washing agent

- PROPERTIES:**
- universal washing agent for washing processes for textiles and carpets which have been severely soiled by dirt, grease and oil
 - particularly effective at washing temperatures of 40 - 65 °C (104 - 149 °F)
 - excellently suited for the personal protective wear

APPLICATION: Oldopal MWB is excellently suited for heavily soiled textiles. Particularly the good capability to remove fat and oil make OLDOPAL MWB to a universal washing agent. It is specifically applied for the care of personal protective wear, horse rugs, bed feathers and professional wear.

Due to the composition the effectiveness of OLDOPAL MWB is nearly independent of the water hardness. In case of very hard water (> 21° dH) however we recommend to increase the dosing quantity by 20%.

Prewash: 4 - 8 ml/kg dried textiles (0.06 - 0.12 fl. oz/lb)
Main wash: 3 - 5 ml/kg dried textiles (0.05 - 0.08 fl. oz/lb)

TECHNICAL DATA:

| | |
|-----------------------|------------------|
| Density 20 °C (68 °F) | 0.96 - 0.99 g/ml |
| pH-value (1%) | 6.5 - 7.5 |

HINTS:

Storage
Oldopal MWB is sensitive to frost and can become viscous when storing for a longer period storage under 5 °C (41 °F). The product is fit for use again after thawing at room temperature without any loss of quality. The product can be stored for at least 24 months in its original sealed packing.
