Ozerna Compact

Bleaching and enzyme intensified multi-purpose detergent - phosphate-free -

PROPERTIES:

- ideal product for heavy soiling and stubborn spots
- extremely high bleaching capacity due to percarbonate
- strong, stable alkaline skeleton
- enzyme intensified
- effective at temperatures from 30 °C - 90 °C (86 °F - 194 °F)

APPLICATION:

Ozerna Compact was especially developed for the problematic field of bleachable industrial laundry (restaurant laundry, coats of the food industry, etc.). By the high concentration of oxygen bleach and enzymes together with a balanced surfactants combination many problematic soiling can be removed, even at lower temperatures.

*The degree of hardness or the water hardness is known by your water supplier.

TECHNICAL DATA:

- Bulk weight: ca. 0.65 kg/l (5.42 lb/gal)
- pH-value [1%, 20 °C (68 °F)]: 10.5 - 11.5
HINTS:

Storage
Store dry and protected from frost. After partial taking out close the packing unit tightly again. The product can be stored for at least 24 months in its original sealed packing.

The dosage of product has to be adapted to the degree of soiling and water hardness.
